2017 SPECIALTY DAY
ARTHROSCOPY ASSOCIATION OF NORTH AMERICA

Saturday, March 18, 2017
San Diego Convention Center
Ballroom 20A
7:00 am – 3:00 pm
APEx: THE AANA PROFESSIONAL EXCELLENCE SERIES

ADVANCED ARTHROSCOPY COURSES FOR EXPERIENCED SURGEONS

MODERN TRENDS IN HIP ARTHROSCOPY
April 21-23, 2017

MISSION POSSIBLE FOR TODAY’S SHOULDER SURGEON
July 28-30, 2017

ADVANCED DECISION-MAKING AND TREATMENT OF ARTICULAR CARTILAGE AND MENISCUS PATHOLOGY IN THE KNEE: NEW FRONTIERS TO PRACTICE APPROACHES
August 18-20, 2017

EMERGING CONCEPTS IN PATELLOFEMORAL SURGERY: FROM INSTABILITY TO ARTHROPLASTY
September 8-9, 2017

CONTROVERSIES IN FOOT & ANKLE ARTHROSCOPY AND SPORTS MEDICINE: SOLUTIONS AND OUTCOMES
September 9-10, 2017

COMPREHENSIVE HIP ARTHROSCOPY: CARTILAGE, IMPINGEMENT, AND BEYOND
September 22-24, 2017

SHOULDER TIPS & TRICKS: ARTHROSCOPY TO REHABILITATION
October 6-7, 2017

ADVANCED COMPREHENSIVE KNEE LIGAMENT COURSE AND RELATED SURGERY
October 20-22, 2017

LEARN MORE AND REGISTER AT AANA.ORG/APEx

These live activities have been approved for AMA PRA Category 1 Credit™
Dear Colleague:

We’re delighted that you have joined us for the Arthroscopy Association of North America’s Specialty Day.

AANA’s Education Committee has put together an outstanding day of sessions covering some of the most in-demand topics and procedures in our specialty. We appreciate that you have stayed on an extra day and we are positive that you will find it worthwhile.

It is a distinct honor for AANA to present today’s sessions in partnership with the Society of Military Orthopaedic Surgeons (SOMOS). We would like to extend a special welcome to members of the military in attendance today. AANA and SOMOS have shared strong bond for many years and we look forward to all that we have to learn from each other in the years ahead.

If this is your first AANA event, we invite you to dive right in! Inclusiveness and innovation are AANA’s hallmarks, and you are encouraged to ask tough questions, challenge prevailing notions, and engage in debates.

Finally, for those of you who are not members of AANA, we hope you will join our ranks. As the largest orthopaedic subspecialty society, we believe we have the resources, the know-how, and the people to advance our members, our patients’ outcomes, and our field. Details can be found at aana.org/membership and applications are available on the information tables outside this room.

Thank you for choosing AANA’s Specialty Day.

John C. Richmond, MD  President
Matthew T. Provencher, MD  Education Committee Chairman

</table>
STATEMENT OF NEED
The need for this activity has been determined based on identifying professional practice gaps, previous course evaluations and the AANA Self Assessment. The educational content of this activity was based upon current issues and topics provided by the Arthroscopy Association of North America planning committees and membership.

TARGET AUDIENCE
The target audience is AANA members and other healthcare professionals who desire to improve their arthroscopic knowledge, competence, performance, and patient outcomes.

GLOBAL LEARNING OBJECTIVES
This comprehensive educational meeting provides learners with opportunities to:

• Examine and apply basic scientific information and technical skills in arthroscopic surgery and update knowledge regarding state-of-the-art advances in arthroscopic surgical treatment.

• Evaluate the current evidence base for diagnosis and clinical management of joint disorders.

• Review their current practice management expertise and develop a plan to increase their expertise while developing new clinical and technical skills to improve the everyday practice of arthroscopic surgery.

NOTE: Each session has its own specific learning objectives which are included within the Program Book listing.

CME MISSION STATEMENT
The Arthroscopy Association of North America (AANA) is a provider organization accredited by the Accreditation Council for Continuing Medical Education (ACCME). The organization exists to promote, encourage, support and foster the development of continuing medical education activities that are free of commercial bias and designed to disseminate knowledge, competence, performance, and improve patient outcomes of those undergoing arthroscopic surgery and to improve the diagnosis and treatment of diseases and injuries to the musculo-skeletal system.

DISCLOSURE STATEMENT
In accordance with the Accreditation Council for Continuing Medical Education Standards for Commercial SupportSM (SCS 2.3) it is the policy of AANA that all planners, teachers, and authors who are in the position to control the content of an education activity are required to disclose to AANA, the accredited provider and the activity audience, all relevant financial relationships. An individual has a relevant financial relationship if he/she (or spouse/partner) has a financial relationship in any dollar amount that has occurred during the previous 12 months with a commercial interest whose products and services are discussed in the CME activity content over which the individual has control. A commercial interest is defined as any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. The ACCME Standards for Commercial SupportSM (SCS 2.3) requires accredited CME providers to resolve all identified potential conflicts of interest with any
individual in a position to influence and/or control the content of CME activities prior to the education activity being delivered to learners. AANA has implemented mechanisms prior to the planning and implementation of each CME activity, to identify and mitigate conflicts of interest for all individuals in a position to control the content. All Conflict of Interest Disclosures will be provided in the final activity materials provided to the program participants.

RESOLUTION OF CONFLICTS OF INTEREST
In accordance with the ACCME Standards for Commercial Support AANA has developed mechanisms prior to the planning and implementation of the CME activity to identify and mitigate conflicts of interest for all individuals in a position to control the content.

UNAPPROVED USE DISCLOSURE
AANA requires all CME faculty to disclose to learners when products and procedures are being discussed that are off-label (not approved for the indications being discussed), unlabeled (not approved for any indications), experimental, and/or investigational (not FDA approved); and any limitations on the information that is presented, such as data that are preliminary or that represent ongoing research and/or unsupported opinion. This information is intended solely for CME and is not to promote off-label use of these products/procedures.

INDEPENDENCE IN CME
It is the mission of AANA as a provider accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide independent, fair, balanced, bias free, peer reviewed continuing medical education to its members and any other qualified individuals who practice endoscopic and minimally invasive surgery on the musculoskeletal system to improve patient care and health care outcomes.

AANA implements strategies to ensure these standards are met. The Program and Education Committee members provide disclosure information prior to planning the educational program and recuse themselves if a conflict is present in relation to the subject matter presented. When developing the program, the committee members review abstracts and conflict of interest disclosure forms, needs assessment/gaps/evaluation data, and past speaker/session scores. Potential speakers are sent guidelines to ensure independence in the development of content and the Compliance Committee reviews the content and disclosures and resolves any conflicts prior to presentation.

CONTENT VALIDATION
AANA educational activities are developed to promote improvements in health care delivery and not to promote a specific proprietary interest or commercial interest. Presentations should reflect the latest in scientific methods generally accepted by the medical community at-large, evidence-based and discuss the validity of the evidence upon which they base the opinion(s). This ensures the audience that the recommendations are supported by the evidence and contributes to the management of any potential conflicts of interest. If the presentation contains discussion of unlabeled use of a commercial product, this must also be disclosed to the participants. Use of generic names should also be used where possible to
contribute to the impartiality. If trade names are included several names from different companies should also be used.

EVALUATION AND OUTCOMES MEASUREMENT
AANA employs several methods of evaluation to assess the CME activity effectiveness. Evaluations are provided to session directors, speakers, attendees and Speaker Managers to assess the educational content, delivery and speaker performance and Conflict of Interest disclosure management. Post course analyses is also conducted three months after the CME activity to determine if changes in behavior as a result of the learning activity have been implemented and maintained.

Evaluations are reviewed by the Needs Assessment & Outcomes Committee in addition to Speaker Manager evaluations to determine the effectiveness of the AANA Conflict of Interest Policy. Any speakers identified as violating the policy may not be invited to participate in future educational programs.

DISCLAIMER STATEMENT
The methods, techniques, and procedures demonstrated and views and opinions expressed by speakers, presenters and faculty are their own and do not necessarily represent those of the Arthroscopy Association of North America (AANA), nor does presentation on the program represent or constitute endorsement or promotion by AANA.

AANA expressly disclaims any warranties or guaranties, expressed or implied, and shall not be liable for damages of any kind in connection with the material, methods, information, techniques, opinions or procedures expressed, presented or demonstrated.

ACCREDITATION
This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education. The Arthroscopy Association of North America (AANA) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AMA PRA CATEGORY 1 CREDIT™ DESIGNATION
The Arthroscopy Association of North America designates this live educational activity for a maximum of 7.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ALLIED HEALTH PROFESSIONALS
AANA is not accredited to offer credit to PAs, NPs, or RNs. To determine if activities offer AMA PRA Category 1 Credit™ for your licensing, continuing education, or certification needs, please contact the relevant organizations directly.

BOC
The Arthroscopy Association of North America is approved by the Board of Certification, Inc. to offer continuing education for Certified Athletic Trainers.
In accordance with the standards of the Accreditation Council for Continuing Medical Education (ACCME), it is the policy of the Arthroscopy Association of North America that presenters and planners disclose to the audience any commercial relationships related to the content of their presentation(s).
