

AANA Comprehensive Advanced Knee Arthroscopy Course

September 9-10, 2022

Orthopaedic Learning Center, Rosemont IL

Lab Course Schedule	
Friday, September 9 th , 2022	
10:00-10:30 AM	Course Registration and Sign In, Please Sign the Course Waiver!
10:30-10:45 AM	Faculty Introduction, Review of Schedule, Goals
10:45-12:00 PM	How to Optimize ACLR Outcomes
10:45-10:55 AM	Primary ACLR: Which Graft Choices for Which Patient? BTB, Hamstring, or Quad Tendon? Christopher Larson, M.D.
11:00-11:10 AM	Role of Concomitant Lateral Meniscal Root and Ramp Tears on ACL Graft Forces Andrew Geeslin, M.D.
11:15-11:25 AM	The Role of the Posterolateral, Posteromedial and Anterolateral Corner on ACL Graft Forces and How to Maximize Success of your ACLR B. Christian Balldin, M.D.
11:30-11:40 AM	The Role of Hyperlaxity and Increased Tibial Slope on ACL Graft Forces and How to Address These for a Primary ACLR Andrew Bernhardson, M.D.
11:45-11:55 AM	Revision ACLR: Don't Miss These Concomitant Pathologies to Improve Your Outcomes Darren Johnson, M.D.
12:00-1:30 PM	Challenging Cases/Tips and Tricks Panel
1:30-2:10 PM	Save the Meniscus
1:30-1:40 PM	Medial Meniscus Root Tears: Optimizing Outcomes in 2022 Scott Faucett, M.D.
1:45-1:55 PM	Meniscal Radial Tears: How to Optimize Repairs Sanjeev Bhatia, M.D.
2:00-2:10 PM	Horizontal Meniscus Repairs: Indications and Optimizations Techniques Aaron Krych, M.D.
2:15-2:55 PM	Posteromedial and Posterolateral Knee
2:15-2:25 PM	Posteromedial and Posterolateral Knee-Key Anatomic Principles and Surgical Pearls

	S. Clifton Willimon, M.D.
2:30-2:40 PM	MCL and Posteromedial Knee: Current Anatomic Treatment Principles Jorge Chahla, M.D., PhD
2:45-2:55 PM	Anatomic FCL and Posterolateral Corner Reconstructions: Anatomic Treatment and Outcomes Robert F. LaPrade, M.D., PhD
3:00-3:25 PM	Modern PCL Treatment Principles
3:00-3:10 PM	Clinically Relevant PCL Anatomy, Bracing, and Diagnostic Techniques in 2022 Patrick Kane, M.D.
3:15-3:25 PM	Double Bundle PCLR is the Gold Standard Jorge Chahla, M.D., PhD
3:30-3:50 PM	Putting it All Together: Multiple Ligament Knee Injury Treatment
3:30-3:40 PM	MLKI: One Stage Surgery with Early Rehab is Optimal: Surgical Pearls to Optimize Outcomes Robert F. LaPrade, M.D., PhD
3:45-3:50 PM	Managing Knee Dislocations: Avoiding Graft Tunnel Convergence, and the Optimal Graft Fixation Order George Rick Hatch, III, M.D.
3:50-4:00 PM	Brief Intermission
4:00-4:30 PM	Biologics Lectures
4:00-4:10 PM	The Role of PRP in Knee Pathologies and Surgery: What is the Evidence? Todd Battaglia, M.D.
4:15-4:25 PM	The Role of BMAC in Knee Pathologies and Surgery: What is the Evidence? Travis Dekker, M.D.
4:25-5:00 PM	Exhibitor Tables Available Dinner Server in Auditorium Lobby
5:00-5:30 PM	Medial Meniscus Root Repair with a Peripheral Stabilization Stitch Demo Jonathan T. Nassos, M.D.
5:30-6:00 PM	ACLR with Quad Tendon Demo Corey Edgar, M.D., PhD

Lab Course Schedule

Saturday, September 10th, 2022

7:30-8:00 AM	Arrive at OLC, Change into Scrubs
8:00-8:15 AM	Lab Safety Lecture, OSHA Guidelines
8:15-8:30 AM	Move to Cadaver Lab
8:30-12:30 PM	Cadaver Lab Session 1
12:30-1:00 PM	Move to Auditoriums – Lunch Available in Lobby
1:00-2:00 PM	Non-CME Spotlight Demonstration
2:00-2:15 PM	Move to Cadaver Lab
2:15-5:00 PM	Cadaver Lab Session 2
5:00 PM	Course Adjourns
